SIR

In continuation of this office letter C.No.3000 of 1924-25 dated 4th September 1924 regarding the site for the Agriculture College at Hosahalli in Mysore, I have the honor to submit herewith the letter No.1130 dated 14th January 1925 from the Chairman, City Improvement Trust Board, Mysore, soliciting early orders in the matter of acquiring certain private properties at an estimated cost of Rs.15000/- for adding to the site already in possession of the Board so that the entire block being made available for purposes of the College may cover an area of about Rs.16500/-. The necessity for the construction of a suitable building and the acquisition of the properties mentioned in the Chairman's letter under reference.

As however, the annual income to be derived from the Hosahalli Farm is not likely to be utilized for the proposed original investigation of the kinds mentioned in the letter under reference and as the Government Farm at Hebbal is to bear pharmacological character, the question of providing the necessary amount could not be considered favourably for the purchase of the site or for the construction of the necessary buildings. It is also my own understanding that the Government Farm at Hosahalli is to be transferred to the District Board to continue the research work on cotton and

If the latter view is acceptable to Government I shall address the Presidents of the Mysore and Bangalore Municipal Councils and District Boards to let me know as to what contribution they are prepared to pay towards the acquisition of the sites and the construction of the necessary buildings etc.,

3. In view of the urgency pointed out in the Chairman's letter, I solicit early orders of Government in the matter.

I have the honor to be,

Sir,

Your most obedient servant,

K Chandy

KSR. MUNICIPAL COMMISSIONER.

Letter No.1130 dated 17th January 1925 from the Chairman, City Improvement Trust Board, Mysore to the Muzrai Commissioner in Mysore.

"With reference to your letter No.1556/1922-1926 dated 3rd July 1923, I have the honor to state that the total extent of the site proposed for the Ayurvedic College is 4143 square yeards. Out of this a portion measuring 2222 square yards has already been acquired and is in possession of the Trust Board while the remaining extent of 1921 square yards is covered by private ~~properties~~ properties which have been notified but not yet acquired.

2. The cost of acquisition of these properties would be about --- Rs.12,000. In view of the public purpose for which it is required, the portion of the site belonging to the Trust Board could be handed over at a moderate price (say Rs.3/- per square yard) to be fixed by the Government, in consultation with the Board. In other words it is believed that the entire land required for this institution could be purchased for a sum of about Rs.16,500/-.

3. As regards the necessity for a separate building for the Ayurvedic College, there can be no question. The present location of the -- Hospital in the Chamarajendra Technical Institute buildings is unsuitable and seriously curtails the accommodation required for the increasing -- needs of the Technical Institute. Mr. Alderton has been frequently -- urging that the portion of the building occupied by the Hospital should be released for the use of the Institution.

4. It is understood that handsome donation has been received by the Government from the late Pandit D. Gopalacharlu for the construction of the New Ayurvedic College and the question of financing the scheme has thereby simplified to some extent.

5. The Trust Board have every hope that the question will be taken up in earnest and at no distant date and in this belief they have -- notified a number of properties standing on the site for acquisition. But if there is no early prospect of the construction of the [illegible] being taken in hand, it would be necessary to release these properties as, under recent orders of Government, the Board is precluded from -- keeping acquisition proceedings indefinitely in force.

that case, however, the properties will have to be re-notified when the scheme is taken up again and doubtless a higher rate of ------ compensation will have to be paid, depending on the market values for land that may be prevailing at the time in this most coveted -- locality.

6. The Board will therefore be obliged for an early intimation of the intentions of Government in the matter."
